UNDERSTANDING MODERN IMPLANT DESIGN & ABUTMENT-FREE CONCEPTS

2CE
Points

JULY 16th

6:30pm

SPEAKER

Dr. Amer Atassi

Venue: Cadence Kitchen & Co.

5101 Mochel Drive Downers Grove, IL 60515

COURSE DESCRIPTION

In this lecture, Dr. Atassi will describe the evolution of dental implant design. He will explain the concepts behind the changes and modifications in implant design over time. Attendees will gain the knowledge needed to make informed decisions when selecting the most suitable implant for each case.

LEARNING POINTS

- ✕ Understand the evolution of modern implant design and the principles behind abutment-free implantology
- ✕ Learn how implant design influences surgical efficiency, prosthetic flexibility, and long-term clinical outcomes
- ✕ Gain practical insights to support confident implant selection for different clinical indications and restorative workflows

DR. AMER ATASSI

Dr. Amer Atassi received his dental degree from Tufts University in 1996. He completed a one-year Advanced Education in Dentistry program at University of Michigan, followed by a three-year specialty training program in periodontics and dental implants at Louisiana State University.

Dr. Atassi holds two master's degrees and is a Diplomate of the American Board of Periodontology. He taught in the Department of Periodontics at University of Illinois Chicago until 2025. He currently maintains a private practice limited to periodontics and dental implants in Darien.
