

ONLINE WEBINAR

Maximizing DSO Implant Profit & Quality with Abutment-Free Innovation

with Dr. Cody Mugleston

January 30th | 4:30 PM PST

Join Dr. Cody Mugleston for an exclusive DSO-focused webinar featuring the **matrix[®]** implant system. Learn how to leverage abutment-free workflows to streamline single-tooth treatments, reduce costs, and increase profitability. Discover practical strategies to boost EBITDA and achieve consistent, high-quality outcomes—ideal for DSOs aiming to simplify implantology while maximizing growth.

- LEARNING POINTS:**
- ✘ "Scan and Smile in One Hour" for efficient single-tooth workflows
 - ✘ Simplified digital healing abutment techniques
 - ✘ Abutment-free treatment: optimized workflows for DSOs
 - ✘ Strategies to enhance DSO profitability and EBITDA
 - ✘ Cost-reduction methods to ensure top quality across networks

Dr. Cody Mugleston

Dr. Cody Mugleston, D.M.D., is a seasoned dental professional with over 13 years of experience and ownership of more than 20 multidisciplinary practices across California, Texas, and Nevada with Pacific Dental Services. Based in Henderson, Nevada, he has coached over 50 associates in full-arch dentistry, implants, cosmetic procedures, CEREC, SprintRay 3D printing, and CBCT diagnostics. As a founding advisory board member for SprintRay, he contributes to advancing 3D printing technology for same-day dentistry workflows.
