THE FUTURE OF DIGITAL IMPLANT RESTORATIONS

5 YEARS OF PERSONALIZED,
BIOLOGICAL EXCELLENCE

July 18th | 12:00 PM CEST

5-YEARS
WITHOUT
ABUTMENTS

In this exclusive webinar, moderated by **Prof. Ronald Jung**, leading **matrix[®]** experts present clinical insights and real-world cases from 5 years of using the **matrix[®]** implant system — the world's first dental implant designed for fully digital, abutment-free restorations. Discover how biologically driven, personalized workflows have delivered long-term success across a wide range of indications.

- ✕ Get unique insights into 5-year outcomes with the **matrix[®]** and its impact on soft tissue biology.
- ✕ Understand how digital workflows and biological principles unlock next-level patient personalization.
- ✕ Learn how to apply digital and biological principles in daily implant practice.
