

STUDY CLUB INVITATION:

MASTERING

THE DIGITAL IMPLANT WORKFLOW

with **matrix**[®]

From
Single Crowns
to Full-Arch
Restorations

DATE & LOCATION:

February 4th, 2026 | Solihull

DR. ARSHAD MAHMOOD

Bachelor of Dental Surgery, MFDS (RCS, Edinburgh), MFGDP (RCS, England), MSc King's College London, Certificate of Advanced Training in Implantology (Dentale Bristol), Advance Vertical & Horizontal, Grafting (University of Szeged-Hungary)

DESCRIPTION

Join us in Solihull for an exclusive Study Club session — dive into the world of fully digital integration in implant dentistry. The spotlight will be on **matrix®**, the first fully digital implant system designed for seamless prosthetic precision and immediate workflows. In this sponsored session by TRI® Dental Implants, we will walk through a cutting-edge, fully digital workflow from single units to full-arch restorations, highlighting:

- ✕ **matrix®** - designed for guided surgery, photogrammetry, and true open digital compatibility
- ✕ Digital planning using CBCT and intraoral scanners for predictable surgical and prosthetic outcomes
- ✕ Shining 3D Photogrammetry – ensuring passive fit and micron-level accuracy for full-arch multiunit scans
- ✕ Sprintrap 3D printing with OnX Tough 2 resin, known for high strength, durability, and esthetic finish
- ✕ A showcase of real clinical cases demonstrating fully digital workflows with **matrix®**

SPEAKERS

**DR. ARSHAD
MAHMOOD**

**FABIAN
KÖSTER**

LOCATION

Hampton Manor

Shadowbrook Ln, Hampton in Arden,
Solihull B92 0EN

PROGRAM

6:00 PM Arrival & Welcome

Reception with tea, coffee, cold drinks & canapés

6:45 PM **matrix®** by TRI®: The Implant Engineered for the Digital Age with **Fabian Köster**

This session introduces the **matrix®** - the first implant system designed as a digital technology carrier rather than a conventional implant. Gain an overview of its concept, unique features, and portfolio, and see how it forms the foundation for a fully integrated digital workflow.

7:15 PM Clinical Insights with **Dr. Arshad Mahmood** **Mastering the Digital Implant Workflow with matrix®** **From Single Crowns to Full-Arch Restorations**

Discover the power of full digital integration in implant dentistry — with a special focus on **matrix®**, the first fully digital implant system designed for seamless prosthetic precision and immediate workflows.

8:15 PM **Get-Together & Networking**

Enjoy light refreshments and continue the conversation
