

WEBINAR

MASTERCLASS

**Dr. Kianor
Shah**

CRESTAL SINUS
ELEVATION IN
SINGLE-TOOTH CASES:
SIMPLIFIED WITH
ABUTMENT-FREE
IMPLANTS

JUNE 3rd
4:30 PST, 6:30 CST, 7:30 EST

**1 CE
Point**

Discover how abutment-free implants can simplify crestal sinus elevation in single-tooth cases—enabling more efficient workflows and predictable clinical outcomes.

LEARNING POINTS

- ✘ Learn how to select and plan predictable single-tooth posterior cases using an abutment-free implant workflow
- ✘ Manage transcresal sinus elevation with simultaneous implant placement through a simplified, efficient protocol
- ✘ Recognize and manage potential complications to enhance primary stability and improve clinical outcomes

DR. KIANOR SHAH

Dr. Kianor Shah is a practicing dentist, inventor, and entrepreneur based in Palm Desert, California. As a traveling provider, he has worked in over 300 dental offices and built multiple co-brand, private label, and doctor-to-doctor partnerships in healthcare.

He earned his Bachelor of Science (Summa Cum Laude) from Western Illinois University, a Doctorate in Dental Medicine from Southern Illinois University, and an MBA in international business from Brandman University. Dr. Shah is a Diplomate and Master of the International Congress of Oral Implantologists and a fellow of several leading implant and esthetic organizations.

In addition to general dentistry, he practices across multiple disciplines including prosthodontics, periodontics, and oral surgery. He also serves as a key opinion leader for various organizations and is the founding regent of the Global Summits Institute.
