TRI® DENTAL IMPLANTS
A NOVEL APPROACH TO IMPLANT DENTISTRY

Dr. Konstantinos Tokmakidis

13th MARCH
THESSALONIKI - Greece
TRI® SEMINAR WITH HANDS ON

On Friday, March 13th at 17.00 will be held by ADM First Choice Medicals - official distributor for Greece and Cyprus of the Swiss TRI® Dental Implants system and in the context of the conference of the Academy of Aesthetic Dentistry, at Macedonia PalaceHotel (“Kalliopi” hall) in Thessaloniki - Greece, presentation and training seminar, where practical training will follow.
The title of the seminar is "TRI® Dental Implants - A novel approach to implant dentistry" and the lecturer will be the Greek-born doctor based in Zurich, Dr. Konstantinos Tokmakidis M.Sc.

Initially, there will be a presentation of the history of the company, its Quality Characteristics in production as well as a description and analysis of the system (surface, design, dimensions, Bone-Level series as well as Tissue-Level implants with special Mechanical and Aesthetic Advantages during daily use in a dental clinic, innovative and "Patented" accessories, digital workflow)

A presentation of different cases will follow (single and multiple with special surgical, reconstructive and aesthetic requirements). Special emphasis will be given to the surgical procedures and protocols (Single phase / Two phases protocols) in regards to the digital workflow.

A practical hands on will be held, where each participant will have the opportunity to place 2 TRI® implants - 1 Bone-Level and 1 Tissue-Level, using special models with gums, while practicing their incisions and suturing skills.

Finally, there will be a special small presentation of “The matrix”, the world’s 1st digital implant.

The seminar will be free of charge, and participants should carry with them the following tools: scissors, needle holder, scalpel handle and a raspatory and magnification glasses if needed.
