# ENTER THE MATRIX®

The Digital Workflow Behind  
Modern Implantology

## Phase I - The Red Pill

Learning • Vision • Networking **starting at 09:00**

An exclusive talk-session unveiling the Tri Matrix implant system and the complete digital workflow surrounding it, from planning to restoration, including 3D printed dental components produced using Sprintray technology.

## Lunch Break – System Reboot

## Phase II – Build the Reality

Hands-on Experience  
Live 3D printing of dental restorations  
and components, followed by practical use  
within the Tri Matrix implant workflow.

**until 18:00**
