

# DIGITAL WORKFLOWS ELEVATED!

## All-on-X Digital Workflow Master Course

June 27-28, 2025

InstaRisa Technologies, Yomi by NEOCIS, & TRI Dental Implants are partnering to bring you the ultimate digital workflow for implant dentistry! Join us in Knoxville, TN and take part in the All-On-X Digital Workflow Master Course. This comprehensive course will cover everything from digital record keeping and treatment planning to advanced dental restoration techniques, ensuring a complete understanding of the All-On-X workflow. Experience the enhanced capabilities of the combined workflow first hand through live surgery and case delivery!

### COURSE HIGHLIGHTS:

#### ✘ Practice Management

Learn to digitize patient records seamlessly. Understand the nuances of managing resources effectively. Equip yourself with the latest advancements in dental technology.

#### ✘ Clinical Proficiency

Master the art of digital treatment planning. Explore digital solutions for both basic and complex restorations. Gain insights into comprehensive full-arch treatments.

#### ✘ Patient Care

Focus on delivering consistent, high-quality dental services. Emphasize maintaining a high standard of dental care. Build patient trust and position your practice as a leader in advanced dental technologies.
