2265 W 700 S Pleasant Grove, UT 84062

LEARNING POINTS

- ✘ Discover the advantages of no-abutment implant concepts
- ✘ Learn how to streamline fully digital FP1 workflows
- ✘ Achieve greater efficiency, simplicity, and restorative precision

2CE
Points

Dr. Locke graduated Magna Cum Laude from the University of Utah with a degree in finance before being accepted into the prestigious Regional Dental Education Program. He then attended Creighton Dental School on scholarship, where he developed a passion for advanced dental procedures.

Dr. Locke has received extensive training in oral surgery and dental implants, including specialized expertise in the 3 on 6™ treatment concept. His skills also extend to facial aesthetics, where he is trained in the use of Botox and dermal fillers to enhance both dental and facial harmony. Beyond his clinical work, Dr. Locke is deeply committed to advancing dental education. As the Director of the Smile Systems Institute, he plays a pivotal role in facilitating evidence-based courses that help dentists across the country improve their skills and patient outcomes. In addition to leading the Institute, he is actively involved in teaching many of its specialized courses.

Dr. Locke's dedication to excellence, innovation, and education makes him a leader in the field of dental implantology and advanced restorative dentistry.
